(1) Insurers that are domiciled in the state. Includes property/casualty, life/annuities, health, fraternal, title, risk retention groups and "other". (2) This category is comprised of insurers designated by the NAIC as "foreign insurers" i.e., insurers whose state of domicile is other than the state in which it is writing business. There is no U.S. total in this column to avoid double counting i.e., insurers are only included in the figures for states in which they are domiciled. (3) Totals include U.S. territories and possessions. (4) No totals shown, so as to avoid double counting. Totals reflect insurers physically located in the state.
